

## MakerSpace Consumables

The St John the Baptist Parish Library (SJBPL) MakerSpace and MakerSpace equipment are available to use by members of the St. John the Baptist Parish community. Any activities as part of a Library program have no cost for use or supplies. Partially used, scrap, and donated materials are available to use free of charge. This is to allow all community members the ability to experiment and explore without a price barrier. Non-donated materials that are used for personal activities are priced as noted below.
